Vision America

IFCA International Church Planting

Please Pray:

- For Spiritual Growth of the believers in this church family
- For effective outreach to the large community in which God has placed this plant
- For God's continuing guidance and provision as we use the land and building He has provided in reaching this community

On October 17, 2010 Cape Baptist Church began services in our new church home. We were blessed with 4 acres and a fully furnished building after meeting for 3 years in a local school cafeteria for Sunday morning services, and in people's homes for Wednesday Bible Study. God's hand was mighty as He opened the way for us to secure our church home.

The building is 20 years old and in good shape. It needed some cleaning and "tender loving care". It is located in a perfect location near the center of town with easy access. The roof was completely replaced only a few years ago compliments of Hurricane Charlie!

On January 30, 2011 we dedicated the land and building to the glory of the Lord. Dr. James A Scudder was the main speaker. The *Sounds of Grace* singing group from the Dayspring Bible College sang. Over 350 people attended the dedication including the mayor of Cape Coral. A wonderful lunch was served and it was a time of much thanksgiving and fellowship.

We continue our radio outreach on WJYO 91.5 FM and have included a regular Sunday Evening Service. Please pray that God will continue to guide and bless that we would be found faithful to Him. With this land and building we will look forward to expanding

our ministries to do more things to reach this community.
