Vision America

IFCA International Church Planting

We are meeting on Sunday mornings in Barnegat NJ at the Joseph Donahue School and we just celebrated our 2nd anniversary as a church.

We are currently working on some outreach projects, supporting missionaries in Kenya and a Student at the Master's Seminary who will most likely be church planting in South America after graduation.

This year we began a "Family Ministry" in an effort to support parents in their calling of raising children. We are also starting a Men's Bible Study called "The Measure of a Man," by Gene Getz in order to train up godly men.

Please pray for us that God would grow our men and send more men who will be qualified to come alongside our pastor in leadership at Cornerstone.

Please also pray that our church would soon be able to fully support our pastor's family so that he will no longer have to be bi-vocational.
