IFCA International Church Planting

Dayspring Baptist Church is located in the western Milwaukee suburb of Waukesha, WI. There are over 100,000 people living within 10 mile radius of the place where the church meets.

The area has many well attended seeker oriented churches as well as large Lutheran and Methodist churches. However, there are very few churches that preach a clear Gospel message along with sound biblical doctrine with an emphasis on discipleship and evangelism.

There were many people from this area that were driving 90 minutes to participate in events at Quentin Road Bible Baptist Church in Lake Zurich, IL. That led to a decision to plant

The area has many well attended seeker oriented churches as well as large Lutheran and Methodist churches. However, there are very few churches that preach a clear Gospel message along with sound biblical doctrine with an emphasis on discipleship and evangelism.

There were many people from this area that were driving 90 minutes to participate in events at Quentin Road Bible Baptist Church in Lake Zurich, IL. That led to a decision to plant

a church in this area which held to the same doctrine and biblical teachings that these people were seeking. So in May of 2009, DaySpring held its first service in a hotel meeting room.

Since then God has blessed and DaySpring now leases a 10k sq. foot building in a great location across from Sam's Club and Home Depot. In 2013, we hired an Associate Pastor and his wife, which opened the door to start a youth group.

In the spring of 2014, we reached our high Sunday morning crowd of over 350 people. DBC has taken numerous mission trips including a recent trip in March 2014 with 12 people to Thailand and the Philippines. We praise the Lord for the many souls that have been saved through all the different ministries. Please keep us in prayer as we continue to search for a permanent home for our church.
